All are tastefully decorated and appointed, ideal for the Norfolk Island tourism market.

With established industry networks and relationships, Kentia is literally a walk-in, walk-out business - the owners currently manage the property from mainland Australia, however there is the opportunity to stay in one of the houses or units and live your island dream whilst earning a substantial income from this popular accommodation property.

Rarely do properties of this nature come to the market - the views alone will impress buyers, but add to this the incredible amount of infrastructure and the solid returns the business already makes, the sky is the limit for a new owner!
